Region 9	Alameda, Contra Costa, Fresno, Santa Clara	pages 20-21

THE BEST OF BOTH WORLDS: CHOICE PROGRAMS

Looking to offer your employees the ultimate number of plan options and a set contribution that's affordable? Health Net Small Business Group provides these solutions in its **Enhanced Choice** and **Silver Choice Programs**. Both options are available for employers with **6-50 employees** as long as there is a minimum of 6 lives enrolled and 75% participation of enrolled employees.

Enhanced Choice

Enhanced Choice is a 32-plan portfolio. Employees have the option of choosing from any of the plans in the portfolio, giving them the freedom to pick a plan that truly fits their needs. Employers contribute one of two ways. Either they choose a base plan from among the 32 options and pay the monthly premium of that plan (per employee per month), or they pay a fixed dollar amount as low as \$100 per employee per month, or 50% of the lowest cost plan (excluding Salud). Either way, their costs are capped and employees get the plans they truly want and need.

Silver Choice

Silver Choice is a 19-plan portfolio available to employees who live within the Silver Network area, a subset of Health Net's full network. The Silver Network area includes all or parts of Kern, Los Angeles, Orange, Riverside, San Bernardino, San Diego, San Francisco and Ventura counties. Within these counties, members have access to more than 5,400 primary care physicians and 7,800 specialists. With Silver Choice, members receive the same high quality of care, but at a lower price – **up to 14%!**

Employees have the option of choosing from any of the plans in the portfolio and employers can contribute one of two ways. Employers either choose a base plan from among the 19 options and pay the monthly premium of that plan (per employee per month), or they pay a fixed dollar amount as low as \$100 per employee per month, or 50% of the lowest cost plan (excluding Salud). Either way, their costs are capped and employees get the plans they truly want and need.

¹Plans not included in Enhanced Choice: Silver Network and CalChoice.

²Network limited to Southern California.

³Network limited to Los Angeles, Orange, Ventura and San Diego.

Flex Net

Flex Net is an out-of-area network PPO (Preferred Provider Organization) for people who live outside of both the Health Net of California and First Health (our nationwide coverage area) networks. This plan is available in the U.S. wherever there are lapses in network coverage.

With Flex Net, members are able to have a PPO health plan even though they are technically outside of the regular Health Net service area. This plan has benefits similar to a regular in-network PPO, such as visits to specialists and facilities without a referral from a primary care physician. Health Net charges members as though it has a contract with the participating physician or physician group that the member visits, even though a contractual arrangement does not exist.

Members must pay for all services out-of-pocket first, then submit claims to Health Net for reimbursement.

After reimbursement, the member may still be responsible for:

- 1) **Deductible** – This is the amount members must pay for services before the plan begins covering them. This amount may not apply to routine and preventive care visits.
- 2) **Copayments** – These are the set dollar amounts members pay, usually for office visits.
- 3) **Coinsurance** – This is the percentage that members must pay for most covered services under their plan.

GLOSSARY

Choice Programs A program comprised of Enhanced Choice and Silver Choice plans. These two programs allow employees to choose from an extensive list of Health Net plans to find one that fits their needs.

Coinsurance Refers to percentage of covered costs payable by member; i.e., if a member's coinsurance is 20%, Health Net pays 80% of the covered costs and the member is responsible for the remaining 20% of the costs.

Deductible This is the amount a member must pay for services before the plan begins covering them. (This may not apply to routine and preventive care visits.)

EOA (Elect® Open Access) A unique alternative to traditional HMO coverage, with the option to self-refer to PPO network providers for select services (office visits, specialists, lab work and testing).

Flex Net An out-of-area network PPO indemnity plan for people who live outside of both the Health Net of California and First Health (our nationwide coverage area) networks. Benefits are similar to a regular in-network PPO. Members must pay for all services out-of-pocket first, then submit claims to Health Net for reimbursement.

HMO (Health Maintenance Organization) Plans that offer primary care physician guidance and referrals, within our large statewide network.

HMO Silver Network A more affordable subset of our regular HMO network, available in all or parts of Kern, Los Angeles, Orange, Riverside, San Bernardino, San Diego, San Francisco and Ventura counties. Members who live within the HMO Silver Network area can lower the net cost of select HMO plans.

HMO Silver Network Xtra Value Our lowest cost, full-network option. These plans function the same way as our traditional HMO plans, but offer affordability by carving out some non-routine, non-preventive benefits.

HSA (Health Saving Account) An HSA is an individually owned savings account, similar to a 401(k) plan, except that money is used to pay for current and future health care costs. HSAs were enacted by the Medicare Modernization Act of 2003 to give consumers a tax-efficient way to manage their health care expenses.

Indemnity Insurance or protection from hurt, loss or damage. The Flex Net plan is an example of an indemnity plan.

OON (Out Of Network) A physician, provider group or hospital that is not a contracted member of the Health Net provider network. If you go out of network, you will pay more.

PCP (Primary Care Physician) The physician a member designates as the primary doctor, following the requirements for an HMO plan. With an HMO plan, a member must see this physician first for all health matters and obtain referrals from the PCP.

POS (Point of Service) Plans with three tiers of coverage: HMO, PPO in-network and Out-of-network. Members select a primary physician in an HMO, but can freely access PPO or other licensed providers for all covered services (usually with higher out-of-pocket expenses).

PPO (Preferred Provider Organization) Plans that offer members the option to visit any physician or hospital in our large statewide PPO network. When visiting in-network physicians, members receive in-network specific discounts and a lower coinsurance than for out-of-network providers.

Salud con Health Net plans The Health Net Salud plans address the needs of the Latino population in California and offer access to health care on both sides of the California-Mexico border. Available plans include:

HMO y más California members access a select network of doctors and physician groups in their local service area, but also have the freedom to visit participating SIMNSA providers in Mexico, no referral required.

PPO These plans also include a select network with providers who are bilingual and have a history of serving Latinos. Members have traditional PPO coverage in the local service area and can freely access the SIMNSA network in Mexico.

EPO (Exclusive Provider Organization) These plans function primarily in the same fashion as the PPO plans, but members must visit a participating Salud con Health Net EPO provider in Southern California to be eligible for coverage.

Mexico (SIMNSA only) This plan is available to those who live or work within 50 miles of either side of the California-Mexico border (San Diego and Imperial Counties only).

VCP (Variable Hospital Copay) HMO Plan An HMO where the member is given various copayment options for hospital services. Copayments for office visits, emergency room visits, hospitalization and prescriptions depend on the HMO plan benefits.
